

By Sophie Ringot

## Le cours de français sur l'ordinateur: Les pays.

### How to access the Net:

- Type in your name and password
- Click on the icon to search the Net
- In the box at the top of the screen type in the following address:

<http://www.bonjour.org.uk/pays/index.htm>

Please be very careful when typing the address not to make any spelling mistakes!

### How to start having fun!

- Firstly, you should now see a screen with four boxes  
Observe                      Joue  
Vérifie                        Renforce
- Click on Presentation des pays (in Observe) and just follow the instructions in English. To make the activity more fun, try and guess the name of the country before putting your mouse on the picture. If you are doing it right, you should see the name of the picture that you have selected with your mouse, appear in the middle of the screen (instead of C'est quel pays?) Can you see it? Well Done!!!
- When you have done all the pictures, click on the Back button situated in the top left corner of your screen. You should see the four boxes again, can you?
- Next, click on Relie les images et les mots (in Vérifie), follow the instructions. You could take turns with your partner – do one each and find out who is the best!
- When you have matched all the pictures to the words, click on the Back button situated in the top left corner of your screen. You should see the four boxes again, can you?
- Now, click on Remplis les trous (in Vérifie), follow the instructions. Same again, take turns with your partner and find out who is the best!

- When you have filled all the gaps, click on the Back button situated in the top left corner of your screen. You should see the four boxes again, can you?
- Now, do you really want to play? Click on Jeu du pendu (in Joue), follow the instructions. Try and do four games (2 each) if you can! Find out who is the best and who is the weakest link!!!!
- When you have played 4 games of hangman, click on the Back button situated in the top left corner of your screen. You should see the four boxes again, can you?
- Finally, this is when you do a little bit of research for me. Click on Je parle des pays (in Renforce). I want you to read through very carefully and find me the answer for these three questions. Write on this sheet when you have found the answer.

1. Give me three countries (in French of course), starting with le:

- 
- 
- 

2. Give me three countries starting with la:

- 
- 
- 

3. Give me one country starting with les:

- 

Well done!! You have both done very well. Write your names at the top of the sheet. If there is still time why don't you play another game of hangman or even try the crosswords!

Tell me in your own words, what you thought of the lesson???  
Don't be shy!
